### Description

The PlantAtor-S200 is a manual land leveler with a fixed width of 200cm. The S200 is ideal for laying lawns and paving work. Its large working area makes it ideal for levelling larger areas. The S200 has 3 wheels with a diameter of 390mm, which move easily over any terrain. The grader is made of 4 mm thick steel, which makes it stable and durable.

Weight: 27 kg
