Description

The PlantAtor-R210 is a manual land leveler with an adjustable width from 120cm to 210cm. Model R210 is ideal for laying lawns and paving work. Thanks to its wide adjustment range, it is ideal for irregular terrain. Model R210 is equipped with 4 wheels with a diameter of 390mm, which easily move on any terrain. The grader is made of steel with a thickness of 5mm to 3mm making it stable and durable.

Weight: 35 kg
